1 County Councillor Paul Rigby – LCC Parish Champion

Paul introduced himself to the members present talking about his path from farming to being a county councillor and his election to Parish Champion. He explained his job is to support the parishes and help with any problems, answer questions if he could and if not to take up further with the County Council. He explained that there had been a loss in the funding and grants given by the government in the years he had been a councillor, the figure dropping from £999 million to £740 million. He is trying to change things and to attend parish council meetings and the County Council conference and also the local area committees as today.

His good news is that he has a grant available each year which parish councils can apply for in order to carry out projects in the parishes. He explains that there are 214 parish councils in Lancashire so he has to take care to spread the grants fairly. He does however still has some cash available from 2023-2024 so he advised parishes to apply. paul.rigby@lancashire.gov.uk
